REPORT
101-406

CERTIFICATE OF DOCUMENTATION FOR THE VESSEL "ANGELOS"

JULY 31 (legislative day, JULY 10), 1990.—Ordered to be printed

Mr. HOLLINGS, from the Committee on Commerce, Science, and Transportation, submitted the following

REPORT

[To accompany S. 2599]

The Committee on Commerce, Science, and Transportation, to which was referred the bill (S. 2599) to authorize a certificate of documentation for the vessel *Angelos*, having considered the same, reports favorably thereon and recommends that the bill do pass.

PURPOSE OF THE LEGISLATION

S. 2599, as reported, grants coastwise trading privileges to the vessel *Angelos*.

BACKGROUND AND NEEDS

Subject to certain limited exceptions, the law known as the Jones Act, section 27 of the Merchant Marine Act of 1920 (46 App. U.S.C. 883), together with the vessel documentation requirements, sections 12106 through 12108 of title 46, United States Code, provides that only those vessels built in the United States, continuously documented under the laws of the United States, and continuously owned by U.S. citizens, may transport merchandise or passengers in the coastwise trade, or engage in the fisheries, of the United States.

Where the facts applicable to a particular vessel suggest that the U.S.-built or U.S.-owned requirements have not been satisfied, the Coast Guard may not issue a document granting coastwise trading or fishery privileges for that vessel unless the requirements of the Jones Act and title 46 are statutorily waived.

The vessel *Angelos,* hull identification number HAZ1432C0173, and Hawaii registration number HA 1432 C, is a wooden sailing vessel, built in 1976, with a six-person capacity. The owner intends to use the vessel for charter cruises for fishing and diving excursions off the coast of Hawaii.

The original owner could not be located, and as a result, it is not possible to demonstrate that the vessel has been continuously documented under the laws of the United States. Therefore, the owner of the *Angelos* is seeking a statutory waiver of the Jones Act.

LEGISLATIVE HISTORY

S. 2599 was introduced in the Senate on May 9, 1990, by Senator Inouye. In open executive session on June 27, 1990, the Committee considered S. 2599, and ordered the legislation reported favorably without objection and without amendment.

ESTIMATED COSTS

In accordance with paragraph 11(a) of rule XXVI of the Standing Rules of the Senate and section 403 of the Congressional Budget Act of 1974, the Committee provides the following cost estimate, prepared by the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, July 19, 1990.

Hon. ERNEST F. HOLLINGS,
Chairman, Committee on Commerce, Science, and Transportation, U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has reviewed S. 2599, a bill to authorize a certificate of documentation for the vessel ANGELOS. The bill was ordered reported by the Senate Committee on Commerce, Science, and Transportation on June 27, 1990. Enactment of S. 2599 would not result in any cost to the federal government or to state or local governments.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Deborah Reis, who can be reached at 226–2860.

Sincerely,

ROBERT D. REISCHAUER, *Director.*

REGULATORY IMPACT STATEMENT

In accordance with paragraph 11(b) of rule XXVI of the Standing Rules of the Senate, the Committee provides the following evaluation of the regulatory impact of the legislation, as reported.

Because S. 2599 does not create any new programs, the legislation will have no additional regulatory impact, and will result in no additional reporting requirements. The legislation will have no further effect on the number or types of individuals and businesses regulated, the economic impact of such regulation, the personal privacy of affected individuals, or the paperwork required from such individuals and businesses.

SECTION-BY-SECTION ANALYSIS

The bill consists of one section. It provides that, notwithstanding sections 12106, 12107, and 12108 of title 46, U.S. Code, and section 27 of the Merchant Marine Act, 1920 (46 App. U.S.C. 883), as applicable on the date of enactment of the bill, the vessel *Angelos,* hull identification number HAZ1432C0173 and State of Hawaii registration number HA 1432 C, is eligible to engage in the coastwise trade and the Secretary of Transportation may issue a certificate of documentation for such vessel.

CHANGES IN EXISTING LAW

In compliance with paragraph 12 of rule XXVI of the Standing Rules of the Senate, the Committee states that the bill as reported would make no change to existing law.
